SHWETA MANDWALE

Strategic Designer | Product Designer | Service Designer

+91 9766502689 | shweta_m@nid.edu | linkedin.com/in/shwetamandwale | shwetamandwale.me

PROFILE

Strategic designer with 4 years of experience across SaaS, finance, healthcare, energy and workforce management. Turns complex, multi-stakeholder problems into clear, business-aligned product and service direction through user research and design. Led strategy and design for two enterprise SaaS products at Neudesic (an IBM Company): one adopted by **~2,500 employees**, the other cutting annual travel expense spend by **23%**. Currently interning in Product Strategy at ideaForge.

EDUCATION

Master of Design in Strategic Design Management
National Institute of Design, Gandhinagar | 2024 – Present

Bachelor of Design in Humanising Technology
NMIMS School of Design, Mumbai | 2017 – 2021 | CGPA: 3.57/4.00

EXPERIENCE

Product Strategy Intern
ideaForge Technology | June 2026 – Present

- Developing a value creation strategy and value-based pricing approach for ideaForge's drone data software platform, aligned with the value customers receive
- Identifying usability friction and recommending UX improvements that keep customers using the platform after purchase

Senior Consultant
Neudesic, an IBM Company | May 2022 – July 2024

- **Internal Product Development**
  - Led strategy, user research and end-to-end design of two enterprise SaaS products across HR, finance and product teams: **Employee Performance Management** (adopted by **~2,500 employees**) and **Finance Tracker** (cut annual travel expense spend by **23%**)
  - Presented business case to senior leadership, securing endorsement for enterprise-scale deployment
  - Independently extended Finance Tracker with a conceptual **agentic AI strategy** for autonomous travel coordination, policy-aware assistance, exception handling and expense verification through human-supervised workflows
- **Client Consulting & Strategic Design**
  - Led design strategy engagements for enterprise clients from discovery to implementation, including RFP responses and executive presentations that secured new business
  - **Caption Health:** Designed CRM dashboards consolidating patient data to improve clinical decision-making efficiency
  - **AMN Healthcare:** Built analytics dashboards and mapped multi-stakeholder journeys to enhance operational visibility and interdepartmental communication
  - **Woodside Energy:** Established brand design system and real-time predictive maintenance dashboards, reducing equipment downtime risk

Solution Designer
LearningMate Solutions | June 2021 – April 2022

- **Intranet Portal Redesign**
  - Directed intranet portal redesign, restructured information architecture and navigation to improve task completion by 40%, and aligned IT, HR and leadership through workshops to drive adoption and change management
- **Client Project Delivery**
  - Designed AR-based real estate training experiences, educational content for Philips Healthcare applications, and an educator platform for age-appropriate course creation

Student Researcher
Harvard T.H. Chan School of Public Health (Remember Now Research Project) | Nov 2020 – May 2021

- Led qualitative research on COVID-19 behavioural adaptation in religious communities across Maharashtra and synthesised culturally sensitive insights to inform community intervention strategy

Design Intern
LearningMate Solutions | May 2020 – Nov 2020

- Conducted company-wide research and revamped the intranet portal to improve the employee experience

Design Intern
TATA TRUSTS | May 2019 – June 2019

- Designed a communication strategy and educational materials to address mental health stigma among diverse urban and rural audiences

ACADEMIC PROJECTS

ProxiMate: Community Support Through Proximity | Service Design | Trust and Engagement
- Designed a hyperlocal service for urban residential societies that builds trust and engagement, enabling reliable neighbour-to-neighbour assistance

Pragati Rekha: Rural Livelihood Delivery System | Systems Design | Service Design
- Designed a system that bridges government livelihood targets and rural households' own income goals, through a household assessment framework, a trained community volunteer role and an audio-first app

Understanding Young India's BNPL Engagement | Design Research | Consumer Behaviour
- Researched young users' BNPL behaviour, usage contexts and e-KYC barriers to identify financial literacy gaps, impulse triggers and drop-off drivers, informing responsible design recommendations

Behavioural Safety Compliance in High-Risk Leisure Environments | Behavioural & Intervention Design
- Designed environmental interventions and behavioural nudges, using choice architecture, to increase go-karting safety compliance by 30% while keeping the experience exciting

SKILLS

Strategy & Business: Product Strategy | Value Creation | Pricing Strategy | Roadmapping | Agile | RFP Development | Stakeholder Management & Cross-functional Collaboration | Workshop Facilitation | Enterprise SaaS | B2B & B2C | Agentic AI Strategy

Research & Insight: User Research & Empathy Mapping | Ethnography & Contextual Inquiry | Surveys & Interviews | Usability Testing | Card Sorting | Data Analysis & Insight Synthesis

Product, Service & Systems Design: Product Design | UX/UI Design | Wireframing & Prototyping | Information Architecture | Design Systems | Accessibility | Service Design | Systems Thinking | Journey Mapping | Design Thinking | Behavioural Design | Social Design

Tools: Figma | FigJam | Figma Make | Miro | Adobe Creative Suite | Jira | AI Tools | Fusion 360 | Unity

AWARDS

- Winner – **ADI Design Excellence Awards 2020,** Industrial Product Design Category
- Finalist – **Bajaj Auto Veni Vidi Vinci National Design Challenge 2026**
- Student Runner-Up & Community Choice Prize – **Core77 Design Awards 2020,** Design for Social Impact
